Weight Loss Surgery in Manchester Take the first step towards a healthier, happier life with our Free Weight Loss Consultation in Manchester. Whether you're considering surgical or non-surgical weight loss treatments, our specialist team provides personalised care to help you achieve lasting results. Why Choose Weight Loss Surgery in Manchester? Our Manchester clinic is equipped with state-of-the-art facilities, making it a leading hub for bariatric surgery and aftercare in the North West. With excellent transport links across the UK and Ireland, accessing expert care has never been easier. We understand that every journey is unique. That's why we offer a wide range of options, from advanced surgical procedures to supportive non-surgical treatments. Our Surgical Weight Loss Options

- Gastric Sleeve Surgery - Reduces stomach size to limit food intake, one of the most popular and effective treatments.
- Gastric Bypass Surgery - Re-routes the digestive system for long-term, sustainable weight loss.
- Mini Gastric Bypass - A less invasive alternative with faster recovery and impressive results.
- Adjustable Gastric Band - Helps control portion sizes with a customisable, reversible solution.
- Revision Surgery - For patients who

have had previous procedures but need further support to reach their goals. Non-Surgical Weight Loss Treatments If you prefer a non-surgical approach, we also provide: Gastric Balloon – A temporary, minimally invasive option that promotes portion control. Weight Loss Injections – Medically approved treatments to support fat reduction and appetite management. Health and Lifestyle Coaching – Ongoing guidance to help you build long-term habits for success. Website: <https://www.alanlisurgery.com/locations/manchester/> Phone Number: 07851 980363
